New leadership appointments for ANZ Investments

ANZ Investments today announced that Alan Clarke and Maaike Van Tol would assume co-leadership of Diversified Portfolio Management, which represents over \$20 billion of Funds Under Management across its KiwiSaver, Investment Funds and Private Bank portfolios.

Announcing the appointment, ANZ Investments Chief Investment Officer Paul Huxford said Mr Clarke and Ms Van Tol were ideally suited to take on these important leadership roles – drawing on their strong track records and considerable industry experience.

“Alan Clarke has more than 18 years of capital markets experience – 12 years with ANZ Investments,” said Mr Huxford.

“Alan is responsible for the selection of ANZ Investments’ external managers, as well as leading ANZ’s responsible investment capabilities and has been a key part of our strategic and tactical allocation process since joining ANZ.

“Maaike Van Tol has more than 13 years’ capital markets experience. For the past three and a-half years, she has been a Senior Asset Allocation Manager with ANZ Investments, focussing on strategic and tactical allocation.

“Maaike and Alan have worked closely on ANZ Investments’ tactical and strategic asset allocation process over the past few years so are well placed to step up as co-heads of Diversified Portfolio Management,” said Mr Huxford.

The appointments follow the resignation of Stuart Millar, ANZ Investments’ former Head of Diversified Portfolio Management, who has resigned to pursue another opportunity.

“We would like to thank Stuart for his contribution to ANZ Investments over the last 20 years and wish him well for the future,” said Mr Huxford.

“ANZ Investments has significant bench strength and we are fortunate to be able to draw from our existing pool of talent, offering career progression opportunities for ANZ’s Investment Management team.”
