NOTES TO THE FINANCIAL STATEMENTS

1. SIGNIFICANT ACCOUNTING POLICIES

Statement of compliance

These interim financial statements for the Banking Group were issued on 13 August 2018 and should be read in conjunction with the Banking Group's financial statements for the year ended 30 September 2017.

These financial statements comply with:

- New Zealand Generally Accepted Accounting Practice, as defined in the Financial Reporting Act 2013
- NZ IAS 34 Interim Financial Reporting and other applicable Financial Reporting Standards, as appropriate for publicly accountable forprofit entities
- IAS 34 Interim Financial Reporting.

There is no requirement for the Bank's directors to approve these financial statements.

Use of estimates, assumptions and judgements

The preparation of these interim financial statements requires the use of management judgement, estimates and assumptions that affect reported amounts and the application of accounting policies. Discussion of the critical accounting estimates and judgements, which include complex or subjective decisions or assessments are provided in the previous full year financial statements. Such estimates and judgements are reviewed on an ongoing basis.

Basis of measurement

These financial statements have been prepared on a going concern basis in accordance with historical cost concepts except that the following assets and liabilities are stated at their fair value:

- derivative financial instruments
- available-for-sale financial assets
- financial instruments held for trading
- financial instruments designated at fair value through profit and loss.

Changes in accounting policies

The accounting policies adopted by the Banking Group are consistent with those adopted and disclosed in the previous full year financial statements.

Presentation currency and rounding

The amounts contained in the financial statements are presented in millions of New Zealand dollars, unless otherwise stated.

Comparatives

Certain amounts in the comparative information have been reclassified to ensure consistency with the current period's presentation.

Principles of consolidation

The financial statements consolidate the financial statements of the Bank and its subsidiaries.

NOTES TO THE FINANCIAL STATEMENTS

3. SEGMENT REPORTING

The Banking Group is organised into three major business segments for segment reporting purposes - Retail, Commercial and Institutional. Centralised back office and corporate functions support these segments. These segments are consistent with internal reporting provided to the chief operating decision maker, being the Bank's Chief Executive Officer.

Segment reporting has been updated to reflect minor changes to the Banking Group's structure. Comparative data has been adjusted to be consistent with the current period's segment definitions.

Retail

Retail provides a full range of banking and wealth management services to consumer, private banking and small business banking customers. We deliver our services via our internet and app-based digital solutions and network of branches, mortgage specialists, relationship managers and contact centres.

Commercial

Commercial provides a full range of banking services including traditional relationship banking and sophisticated financial solutions (including asset financing) through dedicated managers focusing on privately owned medium to large enterprises and the agriculture business segment.

Institutional

The Institutional division services global institutional and business customers across three product sets: Transaction Banking, Loans & Specialised Finance and Markets.

- Transaction Banking provides working capital and liquidity solutions including documentary trade, supply chain financing as well as cash management solutions, deposits, payments and clearing.
- Loans & Specialised Finance provides loan products, loan syndication, specialised loan structuring and execution, project and export finance, debt structuring and acquisition finance, structured trade and asset finance, and corporate advisory.
- Markets provide risk management services on foreign exchange, interest rates, credit, commodities, debt capital markets and wealth solutions in addition to managing the Banking Group's interest rate exposure and liquidity position.

Other

Other includes treasury and back office support functions, none of which constitutes a separately reportable segment.

The Covered Bond Trust is a member of the Banking Group, whereas the Covered Bond Guarantor is not a member of the Banking Group.

Substantially all of the assets of the Covered Bond Trust are made up of certain housing loans and related securities originated by the Bank which are security for the guarantee by the Covered Bond Guarantor as trustee of the Covered Bond Trust of issuances of covered bonds by the Bank, or its wholly owned subsidiary ANZ New Zealand (Int'l) Limited, from time to time. The assets of the Covered Bond Trust are not available to creditors of the Bank, although the Bank (or its liquidator or statutory manager) may have a claim against the residual assets of the Covered Bond Trust (if any) after all prior ranking creditors of the Covered Bond Trust have been satisfied.

NOTES TO THE FINANCIAL STATEMENTS

9. FAIR VALUE MEASUREMENTS

Financial assets and financial liabilities measured at fair value in the balance sheet

The Banking Group categorises financial assets and liabilities carried at fair value into a fair value hierarchy as required by NZ IFRS 13 Fair Value Measurement based on the observability of inputs used to measure fair value:

- Level 1 valuations based on quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 valuations using inputs other than quoted prices included within Level 1 that are observable for a similar asset or liability, either directly or indirectly. Modelled valuation techniques are used that incorporate observable market inputs for securities with similar credit risk, maturity and yield characteristics; and or/current market yields for similar instruments.
- Level 3 valuations using inputs for the asset or liability that are not based on observable market date (unobservable inputs).

We deem transfers into and out of Level 1 and Level 2 to have occurred as at the beginning of the reporting period in which the transfer occurred.

The table below summarises the attribution of financial instruments carried at fair value to the fair value hierarchy:

Financial assets and financial liabilities not measured at fair value

Below is a comparison of the carrying amounts as reported on the balance sheet and fair values of financial asset and liability categories other than those categories where the carrying amount is at fair value or considered a reasonable approximation of fair value.

The fair values below have been calculated using discounted cash flow techniques where contractual future cash flows of the instrument are discounted using discount rates incorporating wholesale market rates or market borrowing rates of debt with similar maturities or a yield curve appropriate for the remaining term to maturity.

|----------------------------------------------|--------------------|--------------------|
| Contract amount of: | | |
| Undrawn facilities | 27,802 | 26,769 |
| Guarantees and letters of credit | 1,191 | 1,010 |
| Performance related contingencies | 1,706 | 1,598 |
| Total | 30,699 | 29,377 |

The Banking Group guarantees the performance of customers by issuing standby letters of credit and guarantees to third parties, including its Ultimate Parent Bank. The risk involved is essentially the same as the credit risk involved in extending loan facilities to customers, therefore these transactions are subjected to the same credit origination, portfolio management and collateral requirements for customers applying for loans. As the facilities may expire without being drawn upon, the notional amounts do not necessarily reflect future cash requirements.

Other contingent liabilities

There are outstanding court proceedings, claims and possible claims for and against the Banking Group. Where relevant, expert legal advice has been obtained and, in the light of such advice, provisions and/or disclosures as deemed appropriate have been made. In some instances we have not disclosed the estimated financial impact of the individual items either because it is not practicable to do so or because such disclosure may prejudice the interests of the Banking Group.

In recent years there has been an increase in the number of matters on which the Banking Group engages with its regulators. Globally there have been significant increases in the nature and scale of regulatory investigations and reviews, enforcement actions (whether by court action or otherwise) and the quantum of fines issued by regulators and customer claims. The Banking Group also instigates engagement with its regulators. The nature of these investigations and reviews can be wide-ranging and, for example, may include a range of matters including responsible lending practices, product suitability, wealth advice and adequacy of product disclosure documentation. The Banking Group has received various notices and requests for information from its regulators as part of both industrywide and Banking Group specific reviews, and has also made disclosures to its regulators at its own instigation. There may be exposures to customers which are additional to any regulatory exposures. These could include class actions, individual claims or customer remediation or compensation activities. The outcomes and total costs associated with such reviews and possible exposures remain uncertain.

NOTES TO THE FINANCIAL STATEMENTS

11. ASSETS AND LIABILITIES HELD FOR SALE

UDC

On 12 January 2018, the Bank announced that the agreement to sell UDC to HNA Group (HNA) had been terminated and that the proposed divestment would not be completed following the New Zealand Overseas Investment Office's decision to decline HNA's application to acquire UDC. The Bank continues to examine a broad range of options for UDC's future. As a result of the ongoing process, the assets and liabilities of UDC meet the criteria to be classified as held for sale as at 30 June 2018.

OnePath

On 30 May 2018, the Bank announced that it had entered into an agreement to sell OnePath to Cigna Corporation. The sale includes a 20-year strategic alliance for Cigna Corporation to provide insurance solutions for Banking Group customers. The sale remains subject to regulatory approval and is expected to complete in 2019.

Paymark Limited (Paymark)

On 17 January 2018, the Bank entered into an agreement to sell its 25% shareholding in Paymark to Ingenico Group. The transaction is subject to regulatory consents.

OTHER INFORMATION

Reconciliation of total loans by purpose and sector

The financial statements and Dashboard include amounts for total loans which are based on different definitions. The table below reconciles the various amounts. This information does not form part of the Interim Financial Statements.

Housing loans and residential mortgage definitions

Housing loans comprise loans for owner occupier property use and residential investor property use. Owner occupiers are borrowers who own or are in the process of buying or building the house or flat they will live in as their principal place of residence. An owner can occupy more than one property e.g. a family home and a holiday home. Only households can have owner occupier property use loans. Investors are entities or persons borrowing for the purpose of building or purchasing residential property to rent. This includes 'Mum and dad' investor loans and any person(s) that have a separate residential investor property use loan which is not for their normal business purpose.

Residential mortgage exposures used in the loan-to-valuation ratio analysis are based on the definition of residential mortgage loans as defined in the Banking Supervision Handbook document *Capital Adequacy Framework (internal models based approach)* (BS2B). This metric is based on a collateral definition and may include some other lending that is not defined as Housing lending in the asset quality section of the Dashboard. See the Banking Supervision Handbook for a more detailed definition.
