How we'll provide this loan

In this section, we'll set out how we'll provide you access to your loan amount. For example, if you're buying a home, we may set out below that we'll transfer your loan amount to your lawyer for you.

On the draw down date, we'll transfer your loan amounts as follows:

- \$AMOUNT – we'll deposit this amount into your solicitor's trust account.

Fees and other amounts you have to pay on the draw-down date

Low Equity Premium	\$AMOUNT	We're charging this fee because you're borrowing over 80% of the value of the property securing this facility or loan and any other loans or facilities you have with us. We charge a percentage of your loan amount on a graduated scale – the more you're borrowing against the value of the property, the higher the fee could be. The scale we'll use is set out on our website or in our 'Fees and Charges' document.
---------------------------	----------	--

We'll take these fees from the ANZ account you will be using to pay this loan, or another account agreed with you, on the draw-down date.

We can charge you fees if particular events happen during your loan term. We've included the fees that we can charge under this loan in the loan terms and conditions. We also set out fees in our Fees and Charges document and on our website, anz.co.nz. Contact us to discuss what fees could apply to particular transactions.
