ANZ warns of text phishing scam

We are aware customers are being targeted with phishing text messages advising them a temporary block has been placed on their ANZ account and they need to click on a link to confirm their identity.

This is a scam, and ANZ is reminding customers to stay vigilant when banking online and via mobile.

When the link in the text message is clicked the customer is sent to a fake website where they are asked to enter their log-in credentials, account and credit card details or personal information.

If customers receive a text message of this kind, delete it immediately. Do not click on the link or provide any information.

If customers have inadvertently provided personal details, please call the ANZ Contact Centre immediately on **0800 269 296** (international **+64 4 470 3142**).

Remember to only log into personal online banking accounts through www.anz.co.nz. ANZ does not send links to Internet Banking through text or email.

Customers can [click here](#) for advice on what to do if they receive a suspicious email, text or phone call.
