## PRODUCT DISCLOSURE STATEMENT

24 NOVEMBER 2017

ISSUER AND MANAGER:  
ANZ NEW ZEALAND  
INVESTMENTS LIMITED

This product disclosure statement replaces the product disclosure statement dated 3 November 2016.

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on [companiesoffice.govt.nz/disclose](http://companiesoffice.govt.nz/disclose). ANZ New Zealand Investments Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013.

You can also seek advice from a financial adviser to help you make an investment decision.

# 1. KEY INFORMATION SUMMARY

## What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. ANZ New Zealand Investments Limited (**ANZ Investments, we, us and our**) will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of ANZ Investments and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

## What will your money be invested in?

The ANZ Investment Funds (the **funds**) offers five funds.

These investment options are summarised over the page.

 More information about the investment target and strategy for each investment option is provided at page 8.

## Who manages the funds?

ANZ Investments is the manager of the funds.

 See page 16 for more information.

## How can you get your money out?

You can request a withdrawal on any business day. Unless you're making a full withdrawal, you must leave a minimum of \$500 in your investment account. The minimum amount you can withdraw is:

- \$500 if you're making a lump sum withdrawal, or
- \$100 per fund if you're making a regular withdrawal.

We can defer or suspend withdrawals in certain limited circumstances.

Your investment in the funds can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

 See page 7 for more information.

## How will your investment be taxed?

Each fund is a portfolio investment entity (**PIE**).

The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (**PIR**). This can be 0%, 10.5%, 17.5% or 28%.

 See section 6 of the PDS (What taxes will you pay?) on page 14 for more information.

## Where can you find more key information?

ANZ Investments is required to publish quarterly updates for each fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at [anz.co.nz/investmentfundupdates](http://anz.co.nz/investmentfundupdates). The manager will also give you copies of those documents on request.

## 2. HOW DOES THIS INVESTMENT WORK?

The funds are a managed investment scheme, registered under the Financial Markets Conduct Act 2013 under the name 'ANZ Investments Multi-Asset-Class Scheme'. Each fund is a separate trust governed by a governing document dated 30 September 2016. This document appoints the manager, and the supervisor.

The ANZ Investment Funds has five diversified investment funds. Each fund invests in a different investment mix and has a different level of risk and expected return. We vary the investment mix by adjusting allocations to asset classes depending on how we expect them to perform in the future.

The funds invest in underlying funds that we manage. The assets of the underlying funds can be selected by us or external fund managers.

Your investment is pooled with other investors in the same fund. Every time money is put into your investment account, you receive units in the fund you're invested in. The number of units you hold, when multiplied by the unit price, represents the value of your investment in a fund, not including any unpaid tax or tax rebates.

The price of a unit depends on the value of the relevant fund. As the value of the fund's assets change each day, so will the price of your units.

The assets of one fund are not available to be applied to meet the liabilities of any other fund.

No distributions are made from the funds. Income is re-invested in the funds.

---

**Benefit from investing in funds that spread their investments over hundreds of assets across local and international markets**

---

### What are the main benefits?

#### **Your investment is professionally managed**

The funds are managed by our highly experienced investment management team. The team selects most of the Australasian assets. A small number of external fund managers select the international assets.

#### **Your investment is actively managed**

Active management aims to add value to your investment by varying the investment mix and investment selection.

#### **Your investment is diversified**

You benefit from investing in funds that spread their investments over hundreds of assets across local and international markets. This gives you access to a broad range of assets you might not be able to invest in yourself.

#### **Your investment is flexible**

The funds provide you with flexible investment and withdrawal options. You can choose:

- which fund your money is invested in
- how much, and when to, invest, and
- when to withdraw your money.

#### **Your investment has a maximum fee**

Each fund has an annual fund charge that is the total fee for your investment. This fee is a percentage of the net asset value of your fund and is deducted from it. You will not pay more than this fee.

### Making investments

When you first join the funds, you must either set up regular investments, or make a lump sum investment.

#### **Making regular investments**

You can make regular fortnightly, monthly or quarterly investments by setting up a direct debit. The minimum regular payment amount per fund is \$50. To set up a direct debit, you can either:

- complete the direct debit form at the back of this PDS and send it to us, or
- call us on 0800 736 034 or +64 9 356 4000.

You can increase, reduce or suspend your regular direct debit payments at any time by sending us a new direct debit form or by calling us.

Reducing or suspending your regular payments is also subject to maintaining a minimum regular payment amount per fund of \$50 and a minimum investment account balance of \$500. If your investment account balance falls below \$500, we can redeem your units.

## Making lump sum investments

If you don't want to make regular payments, you must make a lump sum payment of at least \$500 when you first join.

You can also make additional lump sum payments of \$500 or more at any time, whether or not you have a regular payment set up, by any of the following methods.

### Internet banking or phone banking

Select 'ANZ Investment Funds' from the Bill Payee list, or make your payment to:

ANZ Investment Funds Application Account  
ANZ  
01-1839-0154747-00

If you are invested in more than one fund, we will use the same percentage amount per fund that you chose for your last payment. If you do not want us to allocate your payment in this way, please complete and send us the transaction form at the back of this PDS.

We must receive this form before we receive your payment. Otherwise your payment will be allocated to your fund(s) in the same percentage as your last payment.

### Cheque

Make your cheque out to 'ANZ Investment Funds Application Account' and send it to us along with the completed transaction form at the back of this PDS.

See page 16 for our address.

## Important

- Remember to include your surname, date of birth and investor number as the references when you make a payment. If you do not have an investor number, please include your IRD number.
- If you don't provide us with the correct details, we can't credit your investment account with the amount you pay.
- It usually takes up to three business days for a lump sum payment to reach your investment account.
- By making additional investments, you agree to be bound by the funds' terms and conditions current at the time of making the investment, as set out in the application form, PDS, offer register and governing document applicable at that time.
- We can change the minimum payment amounts and minimum investment account balance.

## Withdrawing your investments

You can request a withdrawal on any business day. Unless you're making a full withdrawal, you must leave a minimum of \$500 in your investment account. The minimum amount you can withdraw is:

- \$500 if you're making a lump sum withdrawal, or
- \$100 per fund if you're making a regular withdrawal.

You can set up a regular monthly, quarterly, six-monthly or annual withdrawal. We can change the minimum withdrawal amounts.

To make a withdrawal, please send us a completed withdrawal form. You can download a copy of the form at [anz.co.nz/investmentfunds](http://anz.co.nz/investmentfunds), or call us on 0800 736 034 for a copy of this form.

We usually process withdrawals and make payment to your bank account within a week of receiving your request.

We can defer or suspend withdrawals in certain limited circumstances set out in the governing document.

We may separate out certain assets within a fund's portfolio and make special arrangements for those assets, if doing so will protect investors' interests. This may affect you accessing part of your investment.

For more information see the governing document available on the offer register at [companiesoffice.govt.nz/disclose](http://companiesoffice.govt.nz/disclose) (Click SEARCH OFFERS and search for 'ANZ Investment Funds').

## You can transfer your units

You can sell some or all of your units to someone else. A transfer is treated as a withdrawal for the seller and a purchase for the buyer.

We don't currently charge a fee for transfers. We don't offer a secondary market for the sale of units, and we don't believe there is one. We can refuse a transfer.

## How to switch between funds

You can switch your investment from one fund to another fund. The minimum amount you can switch is \$500. We can change the minimum switch amount.

To make a switch, complete the transaction form at the back of this PDS. Your financial adviser can assist you with the switching process.

We can set requirements for switching, including restrictions on redirecting contributions to another fund.

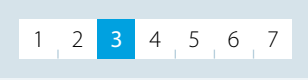

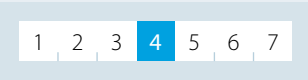

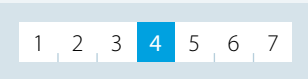

Our ability to defer or suspend withdrawals and separate out assets can affect switches (see above).

- For information about estimated projected returns, please refer to page 7 of the guide.

### More information about how our funds invest

Our statement of investment policy and objectives (**SIPO**) contains information about how our funds invest. It details the investment objectives, strategies, target investment mix and ranges, and underlying external fund managers.

We can make changes to the SIPO after consultation with the supervisor without letting you know. Material changes to the SIPO will be included in the funds' annual report.

 The current SIPO is available on the offer register at [companiesoffice.govt.nz/disclose](https://companiesoffice.govt.nz/disclose) (Click SEARCH OFFERS and search for 'ANZ Investment Funds').

### Responsible investment

Responsible investment, including environmental, social, and governance considerations, is taken into account in the investment policies and procedures of the funds as at the date of this product disclosure statement. You can obtain an explanation of the extent to which responsible investment is taken into account in those policies and procedures at our internet site at [anz.co.nz/responsibleinvesting](https://anz.co.nz/responsibleinvesting).

## 4. WHAT ARE THE RISKS OF INVESTING?

### Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

 See pages 8 to 9 for the risk indicators that apply to each of our funds.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

 To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [anz.co.nz/riskprofiletool](http://anz.co.nz/riskprofiletool).

Note that even the lowest category does not mean a risk-free investment, and there may be other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five years to 30 September 2017. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for each fund.

### General investment risks

Some of the things that may cause a fund's value to move up and down, which affect the risk indicator, are:

#### Market risk

Risk that an asset's, or an asset class's, market value may change due to a number of factors. These can include changes in the economy, the performance of individual entities, the regulatory environment, investor sentiment, political events, inflation, and interest and currency rates.

The level of market risk a fund is exposed to depends on the asset classes it invests in. For example, equities and listed property assets are considered to be more risky than cash and cash equivalents and fixed interest assets.

Investing in a multi-asset-class fund means poor performance by a single asset class has less impact on your investment. In addition, investment losses from one asset class may well be offset by investment gains from another.

#### Currency risk

Risk of changes in currency exchange rates. Assets denominated in foreign currencies face currency risk. All of our funds have foreign currency risk.

For example, for a fund with foreign currency exposure, if the New Zealand dollar increases in value against a given foreign currency, all else being equal, the New Zealand dollar value of the fund will fall.

#### Liquidity risk

Risk that an asset cannot be sold at the desired time (and at recent market value).

Such illiquid assets may impact your ability to withdraw, transfer or switch your investment.

#### Active management risk

Risk that arises from our, or our external fund managers', active management of investments. All of the funds are actively managed.

For example, if we choose investments that underperform, or we mistime market changes, returns may be lower.

#### Derivative risk

Risk that arises from the use of derivatives where the value is derived from the performance of another asset, an index (such as a share market index or a commodity index), an interest rate or an exchange rate.

For example, investment losses could be caused by the other party to the derivatives contract failing to meet its contract obligations.

For more information on risks, see the offer register at [companiesoffice.govt.nz/disclose](http://companiesoffice.govt.nz/disclose) (Click SEARCH OFFERS and search for 'ANZ Investment Funds').

## 5. WHAT ARE THE FEES?

You will be charged fees for investing in the funds. Fees are deducted from your investment and will reduce your returns. If ANZ Investments invests in other funds, those funds may also charge fees. The fees you pay will be charged in two ways:

- regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term
- one-off fees (currently none).

### Annual fund charges

Fund	Annual fund charge (percentage of net asset value of each fund)
Conservative Fund	1.21%
Conservative Balanced Fund	1.26%
Balanced Fund	1.31%
Balanced Growth Fund	1.36%
Growth Fund	1.41%

The annual fund charge:

- is made up of our management fee, the supervisor's fee, fund expenses, and fees and expenses of underlying funds
- is calculated as a percentage of the net asset value of the fund
- includes GST where applicable
- is calculated daily and will reduce a fund's unit price (so you won't see the annual fund charge on your annual statement).

The annual fund charge is capped, so you won't pay more than the amount set out in the table above. However, the actual annual fund charge you pay may be lower than these amounts because, when calculating the cap, we estimate the expenses of the funds, and the fees and expenses of underlying funds.

 You can find more information on our annual fund charge and how it is calculated on the offer register at [companiesoffice.govt.nz/disclose](https://companiesoffice.govt.nz/disclose) (Click SEARCH OFFERS and search for 'ANZ Investment Funds').

We don't currently charge any contribution, establishment, switching, termination or withdrawal fees.

### The fees can be changed

We can change fees from time to time, and can introduce new fees. We'll give you at least three months' notice of any increase in our management fee or the introduction of a new fee.

We must publish a fund update for each fund showing the fees actually charged during the most recent year.

 Fund updates, including past updates, are available at [anz.co.nz/investmentfundupdates](https://anz.co.nz/investmentfundupdates).

## EXAMPLE OF HOW FEES APPLY TO AN INVESTOR

Daniel invests \$10,000 in the Balanced Fund.

He is not charged an establishment fee or a contribution fee.

This means the starting value of his investment is \$10,000.

He is charged management and administration fees, which work out to about \$131 (1.31% of \$10,000). These fees might be more or less if his account balance has increased or decreased over the year.

### Estimated total fees for the first year

#### **Fund charges: \$131**

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example only applies to the Balanced Fund. If you are considering investing in other funds in the ANZ Investment Funds, this example may not be representative of the actual fees you may be charged.

## 6. WHAT TAXES WILL YOU PAY?

Each of the funds is a portfolio investment entity. The amount of tax you pay is based on your prescribed investor rate (**PIR**). To determine your PIR, go to [ird.govt.nz/toii/pir/workout/](http://ird.govt.nz/toii/pir/workout/). If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department.

It is your responsibility to tell us your PIR when you invest or if your PIR changes. If you do not tell us, a default rate may be applied. If the advised PIR is lower than the correct PIR, you will need to complete a personal tax return and pay any tax shortfall, interest and penalties. If the default rate or the advised PIR is higher than the correct PIR, you will not get a refund of any overpaid tax.

In addition to your PIR, you also need to tell us your IRD number.

We arrange for all taxes that apply to your investment account to be paid (or refunded). This is done by cancelling (or issuing) units in your investment account. We do this at the end of the tax year (following 31 March), or earlier if:

- you withdraw, transfer or switch all of your savings from a fund
- the value of your units is so low that it doesn't meet your expected tax liability.

### If you're not an individual

#### Are you a New Zealand tax resident company, unit trust, registered charity, superannuation scheme, PIE or PIE investor proxy?

Your PIR is 0%. You will need to pay any tax on your attributed PIE income yourself.

Superannuation schemes that are trusts may select another PIR – see below.

#### Are you a New Zealand resident trustee (other than of a registered charity)?

Seek advice from a tax professional to help you choose the PIR that best suits your beneficiaries.

### If you're investing with another person

If you're investing jointly with another person and your PIRs are the same, tell us which investor to attribute the income to and the applicable PIR. If your PIRs are not the same, we will attribute the income to the investor with the highest PIR. If you do not make a selection, we attribute the income to the first-named investor at the default rate of 28%.

#### Provide us with the right PIR

Make sure you provide us with the right PIR, so you pay the correct tax on your investment. For help to determine your PIR, see either:

- [anz.co.nz/pirupdate](http://anz.co.nz/pirupdate), or
- [ird.govt.nz/toii/pir/workout/](http://ird.govt.nz/toii/pir/workout/)

Alternatively, you can call us on 0800 736 034 or consult a tax adviser.

## 10. HOW TO APPLY

To join, complete and send us the relevant application form(s). You may also wish to speak with your financial adviser.

Note, you need to be in New Zealand to invest in the funds.

## APPLICATION FORMS FOR THE FUNDS

### How will we use your information?

When you become an investor in the funds, you agree that ANZ Group, ANZ Investments and the supervisor can:

- get information and ask questions about you that we consider justified for our business purposes, including asking and getting information from ANZ Group and credit reference agencies
- collect, use and disclose information about you to comply with any laws in New Zealand or overseas applying to us or the accounts, products or services we provide to you (and you agree to give us that information if we ask you for it)
- give information about you to each other or any government authority in New Zealand or overseas. We can give information about you to help us comply with laws in New Zealand or overseas, or to help us decide what we need to do to comply with the law in New Zealand or overseas
- use and obtain information about you, and let third parties have the information, to the extent reasonably necessary to administer your investment account or to promote to you other products of ANZ Investments or related companies of ANZ Investments
- if you joined the funds through a financial adviser, disclose information about you to your adviser (including their staff)
- otherwise collect, use and disclose your personal information in accordance with the Privacy Act 1993 and our privacy policy.

We take your privacy very seriously and maintain high security standards. Information you provide to us will be kept strictly confidential. The agencies that are collecting and securely holding that information are ANZ Investments, the supervisor, ANZ Group and members of their respective groups of companies.

## 8. Your agreement

By signing this application form, you confirm that you have received and read the ANZ Investment Funds product disclosure statement dated 24 November 2017 and that you agree to be bound by the ANZ Investment Funds' terms and conditions current at the time of any investment. These are set out in the product disclosure statement, online register entry, application form and governing document. You confirm that you understand:

- the value of your investment will move up and down over time
- your investment is not guaranteed by anyone
- by providing your email address, you will receive emails from ANZ Investments (or its related companies) about your investment (including annual reports) and, from time to time, any other relevant product or service offers
- that you consent to receiving transaction confirmations for your investment in the ANZ Investment Funds every six months
- that you consent to receiving information about your investment in the ANZ Investment Funds (including transaction confirmation) electronically (including via ANZ Internet Banking or ANZ goMoney)
- by providing a mobile number, you agree to receive text messages from ANZ Investments, and
- investments in the ANZ Investment Funds are not deposits in ANZ Bank New Zealand Limited or Australia and New Zealand Banking Group Limited or their subsidiaries (together 'ANZ Group'), nor are they liabilities of ANZ Group. ANZ Group does not stand behind or guarantee ANZ New Zealand Investments Limited. Investments are subject to investment risk, including possible delays in repayment, and loss of income and principal invested. ANZ Group will not be liable to you for the capital value or performance of your investment.

You are also confirming:

- you have the authority to provide the information in this application form, which is true and correct. You understand that not giving information or giving false information could be serious under New Zealand law. You understand that ANZ Investments may need extra information from you about your tax residency status, and will provide any extra information ANZ Investments requests. You will also contact ANZ Investments if any information you've given changes.

Joint applications must be signed by all applicants.
