

Media Release

For Release: 25 June 2010

Customers' insurance protection continues following ruling

The Court of Appeal has today released its decision in regards to the contractual dispute between Tower and ANZ and the National Bank.

John Body, Managing Director of the bank's Wealth Division, assured customers that the judgement would not impact their cover in any way.

"Customers' policies will not be impacted and policies will continue to be renewed and claims will be accepted and processed as usual," Mr Body said.

The ANZ and National Banks and Tower would continue to work together to service these policies for customers and ensure they remained competitive.

Customers with any concerns should contact their local ANZ or National Bank branch, or contact the banks' call centres (The National Bank phone 0800 181818 and ANZ phone 0800 269 296).
